

How to view a Webinar Recording at Aircraft IT Operations

After you have registered to view your choice of Webinar Recording(s) and received your confirmation emails, the recording is now live for you to view at the Aircraft IT website.

(If you were confirmed to view a live Webinar, then the recording is automatically available for you in your Member's Area – there is no need to register again)

Step 1: Login to the Aircraft IT Operations website (<http://www.aircraftit.com/Operations/Index.aspx>)

- Click on login and enter your username and password.
- If you have forgotten or mislaid your password, simply click on 'Forgot Password' enter your email address and a new password will be sent to you:

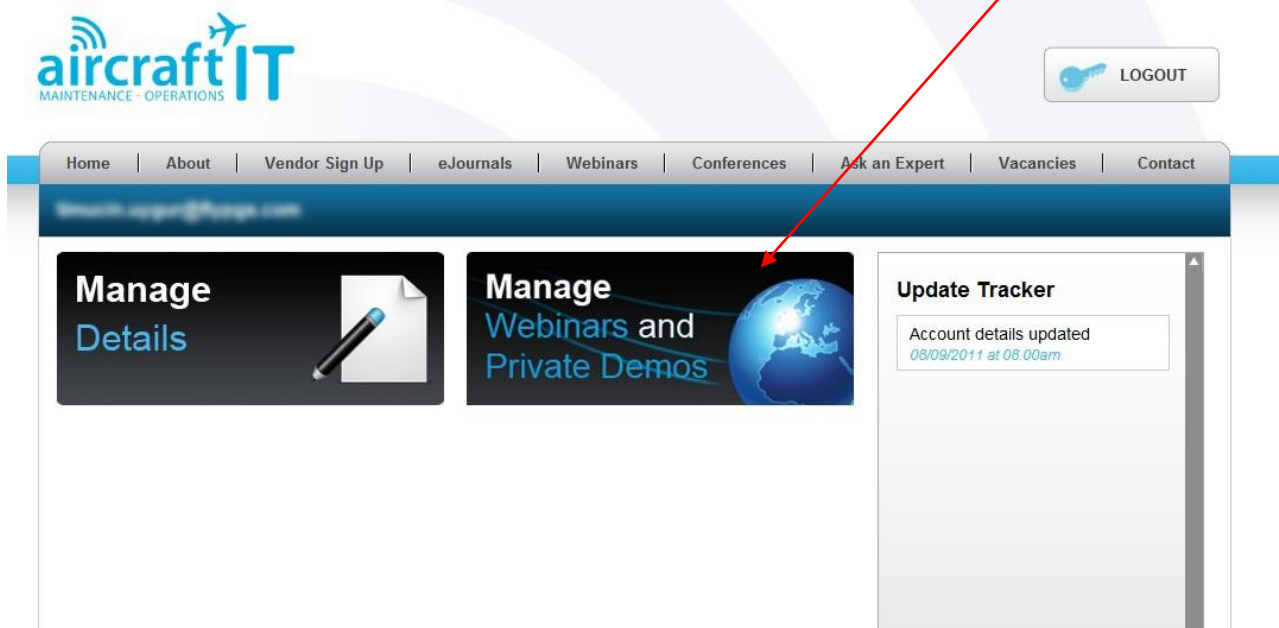

Or if you are already logged in:

- Click on 'Member Dashboard' located top right of the website.

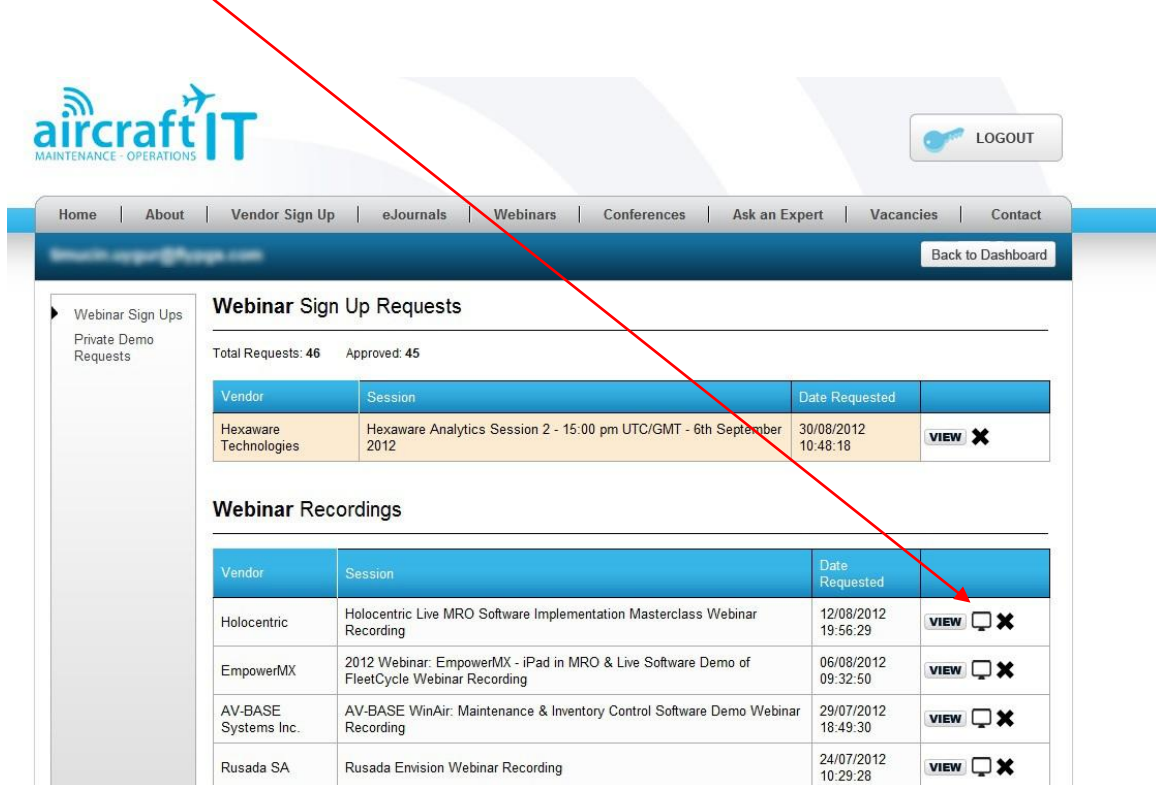

Step 2: Click on the 'Manage Webinars & Private Demos' box

- Once you have logged in you will be taken to your Members Dashboard.
- Click on the 'Manage Webinars & Private Demos' box to view the Recordings
- You can change your username and password by clicking on 'Manage Details'

Step 3: Click on the television icon next to the Webinar Recording title to play the Webinar

- All the Webinar recordings you are registered to view are available to you under the 'Webinar Recordings' header.
- Click on the Television Icon to play the video next to the title of the Webinar Recording you wish to view

Step 4: Click on the play button to begin watching the Webinar Recording

- Finally click on the play button to begin watching the Webinar recording

For Best Results watch in Full Screen Mode:

- For best results watch the recording in 'Full Screen Mode' by clicking on the full screen icon located in the bottom right of the video tool bar.

Troubleshooting:

- The video file uses a streaming video format (similar to You Tube), if the video does not play please check your firewall settings with your IT Department or alternatively watch the video at home or outside your company network.

View more Flight Operations IT Software Demo Webinars at Aircraft IT:
