 Founder/Managing Director, VyClimb Consulting

Aaron Larsen
 Aviation Solution Advisor, Ramco Systems

SESSION 1 12:00 PM IST | 2:30 PM SGT
SESSION 2 10:30 AM EDT | 2:30 PM UTC

Aircraft IT MRO

Formed in 2011, **Aircraft IT MRO**, is THE place for the aviation industry to explore market leading M&E / MRO IT software solutions from the world's foremost software and hardware Vendors.

Aircraft IT is associated with the popular and informative series of Aircraft Commerce IT Conferences and provides a digital platform to bring together IT users (airlines, operators, MROs, OEMs, Leasing Companies, CAMOs, and others) with software and hardware vendors.

50+ of the world's leading aviation software and hardware vendors use Aircraft IT MRO to promote their solutions and to generate genuine sales leads via our industry leading platforms:

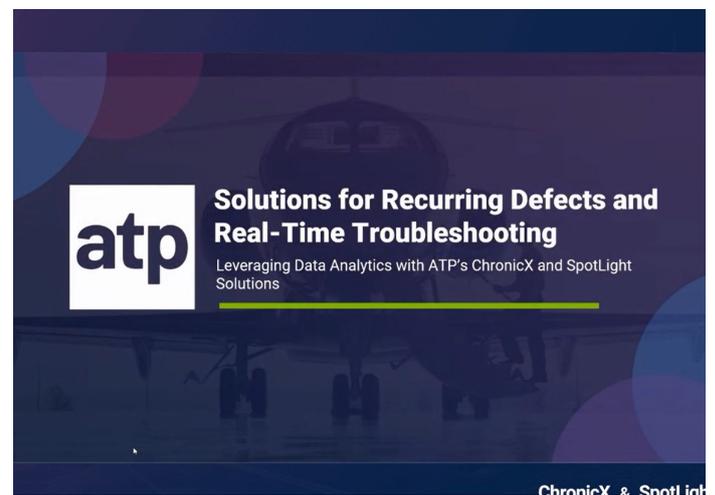

1. Aircraft IT MRO eJournal

Latest edition here:

▶ **Example Webinars 2021** (now promoting On-Demand Sessions):

▶ **On-Demand Webinar Title:** Tool Management and Tracking Solution for Aircraft Maintenance using Barcode, RFID, and App Technology Demo On-Demand Webinar (2021)

Host: QOCO Systems

Date Recorded: 8th July 2021

Duration: 60 minutes

Register to view this On-Demand Webinar (recorded 8th July 2021) for a full demo of the industry leading tool management solution, MROTools.io from QOCO Systems; developed using the latest barcode, RFID, Web and App technology and designed for airlines, operators and MROs of all sizes and fleets. As you will see MROTools.io streamlines the tool management process providing full visibility and control of tools while making it easier for engineers / mechanics to access the tools they need, when they need them, using their mobile devices. During the Webinar QOCO experts will use demos of the solution to show the fully digital tool booking (including search and handout) and return process using a wireless barcode scanner and voice feedback, as well as more advanced functionalities such as how a mechanic using the mobile app can: hand over a tool to a colleague without visiting the tool store, pre-book tools for collection, report tool defects including pictures, and more.

▶ **On-Demand Webinar Title:** Optimizing Inventory / Parts Management Solution Demo On-Demand Webinar

Host: Rusada

Date Recorded: 5th August 2021

Duration: 50 minutes

Register to view this On-Demand Webinar (recorded 5th August 2021) and join the digital aviation maintenance specialists at Rusada to see a demo of the powerful ENVISION Inventory management module. Using demos of the solution, Rusada experts will show the end-to-end digital process of replenishing stock from the perspective of multiple roles, from engineer and technician, to stores and logistics personnel. From the initial part request, through to quoting, ordering, receiving and inspecting, you will see how a modern, web-based system, along with dedicated Mobile Apps can digitize and largely automate these common day-to-day processes, whilst providing real-time cross-company visibility on stock availability and demand. You will see how Mobile Apps integrate seamlessly with the core system allowing technicians to request parts from any location and track progress while the core system auto-generates RFQs; store personnel can use embedded bar code scanners within their mobile devices to receive parts, and more.

Key Aircraft IT Sponsorship Benefits

Aircraft IT MRO eJournal

- Take ½ page and Full Page adverts in our very popular quarterly eJournal
- Read regular airline and MRO IT Case Studies
